

The diagram illustrates the assembly of a sink unit, divided into four main sections showing the progression of parts being added:

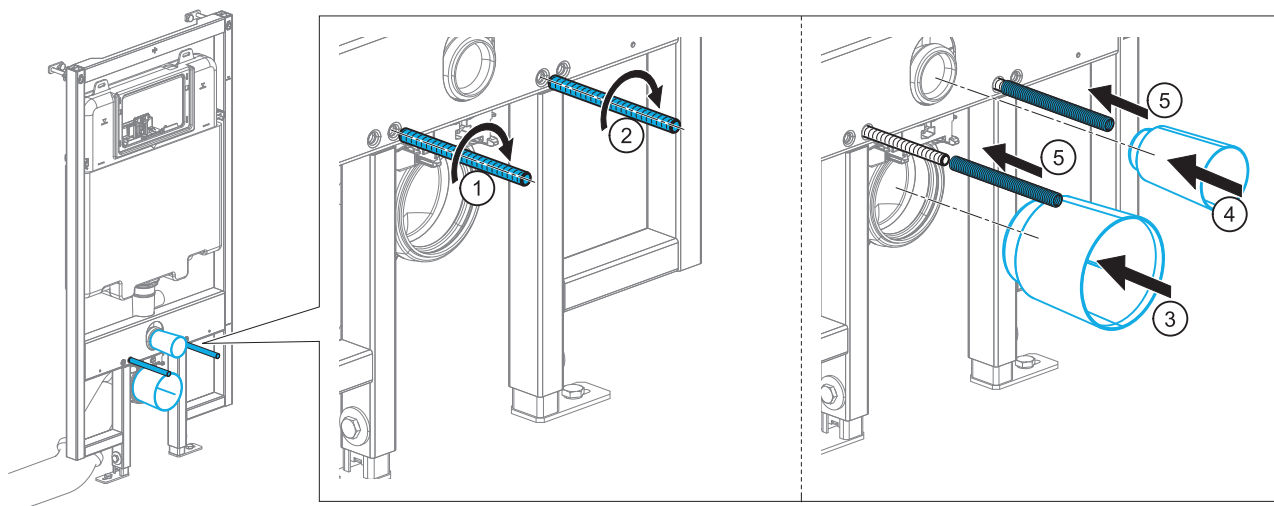

- Top Left:** Shows the initial assembly of the sink unit into a cabinet frame. Arrows indicate the direction of insertion.
- Top Right:** Details the installation of the sink unit's mounting hardware. It shows two sets of screws (labeled **2x** and **2x**) being used to secure the unit. The screws are labeled **12** and **8x60**.
- Bottom Left:** Shows the installation of the sink unit's drain and overflow components. A curved drain pipe is shown being connected to a G1/2" fitting. Below it, a sink unit with a drain and overflow is shown being inserted into the cabinet frame.
- Bottom Right:** Shows the installation of the sink unit's base and support structure. It includes a large L-shaped support piece labeled **Ø90**, a smaller support piece labeled **Ø100**, and a base plate labeled **Ø110**. Various screws and washers are shown being used to secure these components.

The diagram illustrates the installation of the front door in three steps:

- Step 1:** A blue hinge pin is shown being inserted into the top hinge of the door frame.
- Step 2:** The blue front door is shown being lowered into the frame.
- Step 3:** The door is pushed forward into the frame until it clicks into place, indicated by a "CLICK" sound effect and an ear icon.
